Discovery Drilling Equipment Ltd. is a private equipment and rig manufacturing company.

We are headquartered in London, UK with offices and representations in all major oil regions of the world including US, Canada, Middle East, Northern Africa, Russia and South East Asia. Currently, Discovery is a wholly international company with its multinational team of experts in executive, financial, project management and manufacturing positions. Our key staff has experience from working in key rig building and drilling companies around the world. Discovery's prime advantage is a unique rig manufacturing facility in the Western Ukraine. Continuously manufacturing oil rigs since end of XIX century, enlarged several times during XX century, this factory was completely modernized to meet all up-to-date international industry requirements in 2006-2007. The factory is capable of building all types of rigs including land rigs, skidding rigs (for onshore and offshore drilling), mobile and trailer-mounted rigs. It has already produced mobile workover and large land rigs to international customers in the past couple years. The factory can also make various components for the rigs like traveling and pipe handling equipment, hoisting equipment, full LP and HP mud systems as well as various spare parts. The factory has ISO 9001 (quality), OHSAS 18001 (HSE) and ISO 14001 (environment) certifications issued by Bureau Veritas and is fully API licensed (4F, 7K and 8C). The quality of our work is one of the best in the world.

## Two-way exchange

Mission of the Portal is not limited to gathering and processing information from a wide range of official sources. We aim to build more than nationwide system of trade information exchange. Our mission is to establish close working relationship with trade promotion organizations across the globe, spread the two-way exchange of trade information, and promote it between domestic and foreign firms.

### We are open to:

- ✓ sharing information on Ukraine's market;
- ✓ processing and effective dissemination of information on foreign markets;
- ✓ undertaking market surveys for foreign companies;
- ✓ providing advisory services for the entry;
- ✓ co-organizing trade seminars in Ukraine or abroad;
- ✓ organizing domestic business delegation going abroad to inspect trade objects and communicate successful experience;
- ✓ inviting foreign business delegations to Ukraine with a business purpose and support with arrangements;
- ✓ promoting trade by helping domestic and abroad firms finding buyers and suppliers;
- ✓ linking enterprises with professional associations or relevant institutions and so on.

English version of the Portal is mainly focused on the economic information about Ukraine (general data, macroeconomic indicators, foreign trade statistics, market reviews, laws, partner search databases, useful links etc.).

However, scale of the front version for Ukrainian firms is presented by the profiles of 60 countries being active trade partners of Ukraine. Those profiles are compiled with kind assistance of Ukraine's trade and economic missions abroad. We thoroughly collect data and accumulate it on the Portal.

Needless to say, we would be happy to arrange information exchange with the TPOs across the globe to raise level of information coverage. Any entries of information will be added to the Portal with relevant link to the source and shall be highly recommended to local companies as useful information.
